## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-3, 5-9, 11-14, 30-35, 39-40, 43-44, and 48 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The Applicant has incorporated the allowable subject matter suggested in the previous Office Action filed on April 24, 2006:

With regard to Independent Claims 1 and 34, the Applicant has sufficiently claimed and defined a central member including three substantially identical right angle prisms with substantially identical square horizontal cross-sections with four vertical surfaces, whereby the prior art of record fails to teach or suggest the combination of all structural elements claimed therein, and all subsequent dependent claims are allowed.

With regard to Independent Claims 30 and 48, the Applicant has sufficiently claimed and defined a first end of a hollow member being mounted in a first groove in a first circular disk and a second opposed end of the hollow member being mounted in a second groove in a second circular disk, whereby the prior art of record fails to teach or suggest the combination of all structural elements claimed therein, and all subsequent dependent claims are allowed.

3. Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
